What makes Teddy Tennis so special is that it is taught using the Visual Auditory Kinesthetic (VAK) learning style

## **VISUAL LEARNING**

Every Teddy Tennis lesson uses inspirational pictures of teddy bear characters playing Teddy Tennis... and of course, every Teddy Tennis Coach demonstrates how things should be done correctly.

## **AUDITORY LEARNING**

Auditory Learning involves the transfer of information through listening to the spoken word, and by using music and sounds. Every Teddy Tennis lesson involves music that has been specifically written by Teddy Tennis - this provides the correct rhythm and timing for performing each game or exercise; the words of the music tell the children what to do.

## **KINESTHETIC LEARNING**

Kinaesthetic Learning involves physical participation - creating practical hands-on experiences and taking part in coordinated movement, including racket and hand-to-eye skills. Every Teddy Tennis lesson is fully interactive and involves having a lot of fun!
